*More information about AMG is available at <http://www.missourigeologists.org>*

---

The Association of Missouri Geologists is a non-profit organization established to promote the study of Missouri geology in all its aspects and to promote the education, welfare, and professional status of all geologists resident in Missouri.

Geologists who reside in Missouri or whose principal site of activity is in the State are eligible for membership in the Association of Missouri Geologists. The association currently has approximately 170 members. The association has three categories of membership:

- Professional (\$25.00/year)
- Retired Professional (\$15.00/year)
- Non-voting Associate (\$10.00/year)
- Non-voting Student (\$5.00/year)

A membership application form is available at <http://www.missourigeologists.org> . Completed applications for membership should be returned to the Treasurer who submits them to the Executive Committee for consideration. New members approved by the Executive Committee are received into the Association at the next annual meeting. The annual membership dues for new members are waved for the calendar year received into the Association.
